“What we have enjoyed, we can never lose. All that we love deeply becomes a part of us.”

- Helen Keller

Our boy, Atlas, was such a quirky, amazing, loving, energetic dog. He would only get in the backseat of the car from the drivers side, never the passenger side. He was an anxious dog that didn't like loud or unusual noises. However, sometimes he wouldn't run from the noises but instead, let out a whiny bark as if to tell us that we needed to come with him. He was protective in some ways but never aggressive. He was so very sweet. He would “talk” to us when he wanted something. He loved his stuffed toys and loved to play. His toy basket was overflowing but even though he had his favorite toys, he did try to share the love and play with the majority of his toys. If we were busy and wouldn't play with him, he would go back to the toy basket to pick out another toy like he thought the problem was we just didn't want to play with that toy. He would do that over and over until we played with him. His all time favorite toy was a guinea pig we named Ralphie but he also loved his aquatic animal toys. He loved his octopus, sting ray, seahorse, seal, among other aquatic toys he had. He was very smart and very loyal. He always wanted to be the center of attention when it came to me and my husband. One of the best things was how excited he got when we came home. Another quirky characteristic of Atlas was he would get crazier with increased

energy/excitement the more people that were in the room. He was more calm when it was one on one. I could go on and on about our boy but he truly was a good boy, the best boy. He will be forever missed and forever loved

“ I’m so sorry for your alls loss. My heart breaks for you two. Atlas was family and I’ll always remember the road trip to go pick him up that he sat in my lap the whole ride back home. His first sleepover in my apartment. That memory brought us closer and started out his beautiful life that you gave him Emily. Atlas energetic spirit is always worth celebrating.

“ I first met this sweet precious doggie in May .. he was very sick with congestive heart failure ! With much prayer and some great medications ,he improved and enjoyed the last few months of his life ! I hope he enjoyed running across the rain bow bridge and enjoying his new life free of any pain ! Dr. Mark Ayers,
