

Lilabug

April 14, 2026

Delilah affectionately known as Lilabug was born 12-22-10 and became part of our forever family 2-14-11. She was more than a pet, she was like a baby to us, especially to me as I was 5 months pregnant when she came into our lives. There was a bond that can never be replicated. She had the biggest personality, the boss of the house, often bullied her human sister and feline siblings. She enjoyed slim jims, looking for dropped crumbs, begging for bites, food in general, heated blankets, play fighting with my husband and sitting in the sun on the porch. She traveled with us on many car rides to soccer games, even escaped onto the field during a game once. We had her for 15 years and we will hold her in our hearts for the rest of our lives. She was so small but she was bigger than the whole sky and more than just a short time.
