

Sally

April 9, 2026

In Loving Memory of Sally Wally Preece

Sally passed away on April 9th, 2026, at the age of twelve. We brought her home in 2015, and she spent the next decade making sure we knew exactly who was in charge.

In the beginning, Sally wasn't much for kisses or kids, but as the years went by, she eventually decided she loved the kisses—and she learned to tolerate the kids (mostly). She never listened, she lived by her own rules. We always joked that she wasn't actually a dog, but a human trapped in a dog's body. Her favorite things were going "bye bye", getting all the pets she could from anyone, and any food she could get her paws on. She especially loved sneaking cat food, even though she had an allergy to it that made her itchy. Sally loved her mom and dad. She would cry the entire time we were gone, even if it was just a quick trip to the store.

She was a sassy, funny, stubborn girl. She leaves a hole in our hearts and will be missed forever by me, her dad, and her 3 year old sister. We hope she's going bye bye and eating all the cat food she wants in Heaven.

Until we meet again, Fat Sal. We love you.
